*You have created a retirement nest egg. Now how do you envision yourself?*

*What you do should be designed to provide you with the confidence of knowing the funds you worked so diligently to accumulate will sustain your lifestyle and provide the after tax income necessary throughout your retirement years.*

*Some use numbers like 60 to 80 percent of pre-retirement income as the amount needed for post retirement with the source of income coming from Social Security, company provided pension plans, and personal savings. Whatever the source of the income is, to be uncertain as to the principal being sheltered from the ravages of improper investments or market risk is not prudent for any person in retirement.*

*Retirement does not preclude one from applying the fundamentals of personal finance. You still need to prepare a budget, control expenses, provide additional funds to offset inflation and monitor the rate you are using your reserves.*

## Open Space

### Mattapoisett Land Trust Gains 107 Acres

By Kenneth J. Souza

Members of the Mattapoisett Land Trust signed a purchase and sale agreement last week to acquire 107 acres located on the northwest shore of Brandt Island Cove to be preserved as open space and for passive recreational use.

The newly-acquired chunk of land — which was purchased for \$1.12 million and represents the largest single land acquisition the Land Trust has made to date — was ideal as it abuts and is adjacent to the 64-acre Field Farm on which the Land Trust already holds a conservation restriction.

"This is mostly wetlands and marsh," said Land Trust President Gary Johnson. "But in terms of environmental significance, this is a major deal, if only for the threatened (species) living there. It's going to be a great place for people who like to look at birds."

Mr. Johnson said the Land Trust was able to pay for more than half of the purchase price — or \$770,000 — through a settlement from the Bouchard Oil Company they received in the aftermath of the 2003 Buzzards Bay oil spill. They also borrowed another \$200,000 from the

Coalition for Buzzards Bay (CBB) under their "Bay Lands Revolving Fund" program and have been raising the remainder of the money themselves.

"We've been raising money ... and we've collected \$160,000 so far," Mr. Johnson said. "We're making progress (and) we're pretty close to getting everything we need."

A project that's been nearly two-and-a-half years in the making, Mr. Johnson said there were a few obstacles to overcome — not the least of which was coming to an agreement with the several joint owners of the property, with Wayne Walega and Judge Livingston among them — but now that everything's settled, Mattapoisett residents will have a great area of open space for passive recreational use.

"We own a small parcel of land on Anchorage Way and we're hoping to build access (to the property) there," Mr. Johnson said. "We've never done anything this big ... and I think it's a great accomplishment."

A formal "grand opening" and naming ceremony is being planned for sometime in the spring, probably around the time of the Mattapoisett Land Trust's annual meeting in May, Mr. Johnson said.

Those interested in making donations to help the Mattapoisett Land Trust pay for the purchase can send checks, payable to "Mattapoisett Land Trust," to: Mattapoisett Land Trust, P.O. Box 31, Mattapoisett, MA 02739. Further information can also be obtained via their website at [www.mattlandtrust.org](http://www.mattlandtrust.org).

"Need plans for permits, why pay more?"

Pond in Rochester, Old Colony Regional Vocational Technical High School is, at times, the forgotten high school in the Tri-Town region. Recently the school earned a national honor that deserves to be recognized.

In November thirteen members of Old Colony's chapter of the National Honor Society (NHS) traveled to Atlanta, GA to take part in the National Honor Society Conference and came home with a national Outstanding Service Project Award for the fifth consecutive year. It was the eighth time that the school has won this award since the National Honor Society first created it in 1994. The students received their citation for a project they called, "Beading the Odds."

In the spring of 2007 the students wanted to reach out to the residents of the Women's Center — a network of local shelters — and decided to make individual beaded bracelets for each woman and child at the shelter. In total, the Old Colony NHS chapter made 90 adult bracelets and 90 children's bracelets during after-school workshops.

Having made more bracelets than there were spaces for people at the shelters, the group decided that they would sell the extra bracelets and donate the proceeds to the Women's Center. The members sold a total of 28 bracelets at a school pageant, raising a total of \$80. In a further measure of the students' generosity, the group decided that they would personalize each bracelet by creating a gift bag and poem written by a member of

Old Colony's academic achievements are not relegated to just those of its Honor Society. Recent statistics released by the school show that nearly 80 percent of the student body's most recent graduating class had been accepted into a post-secondary program. All four of Old Colony's technical programs achieved 100 percent acceptance, while ten of twelve programs had at least a 60-percent acceptance rate.

Congratulations to all of the students for the level of excellence that they achieve each day. Old Colony Regional Vocational Technical High School is an institution of which the tri-town can be proud.

### *Singing Into Spring* **Choral Society Prepares for Spring Concert** By Robert Chiarito

Nothing lifts the spirit and the soul quite like music. When that music is made by people who truly enjoy what they are doing, the experience for both the performer and the listener can be magic. When you multiply that feeling by 90, you have the experience that comes with listening to the Sippican Choral Society perform.

"We really have a great time doing this," said Choral Society President Annemarie Fredericks. "I often think when I listen to other groups perform, 'oh my, what a wonderful piece of music,'" she said with a grin, "and

then I think, boy am I glad that I didn't have to practice that piece!"

Ms. Fredericks stressed that the group, while serious about their singing, never forgets that music is fun. "The music that we sing tends not be overly ponderous," she said. "When we start to practice a piece I often think, 'oh yeah! I remember that.' And usually I can trace the music back to the classical music being played in the background of a cartoon from when we were kids. So it is our belief that anyone can sing — you don't really need to read music. If the note on the page goes up, you go up. If it goes down, then you go down."

The group, under the guidance of choral director Brian Roderick, reconvened for rehearsals on January 7

and gathers every Monday night from 7:30 until 9:30 pm in the Reynard Hall at the Mattapoisett Congregational Church. The rehearsals are preparing the choir for their April 25 and 26 concert at the Unitarian Memorial Church in Fairhaven. The Choral Society, which numbers around 90 members, is actively recruiting and accepting new members at this time and encourages those who wish to join to do so by January 21.

Musical selections to be included in the spring performance include several show tunes, Beethoven's *Hallelujah* from "Mount of Olives," and Brahms' *New Love Songs*. Ms. Fredericks said, "Our springtime performance is usually of a lighter choral fare. We will probably present it in a cabaret format ... it is going to be a really a lot of fun, it should make for a good time."

As his singers made their way to their sections, Choral Director Roderick stepped to the podium at the head of the group and with a large smile said, "Welcome back!" He then raised his hands and continued, "I would like you all to stand up so we can go through a few warm ups. I want you all to turn this way and give your neighbor's shoulder's a rub."

The group rose from their seats, rolled their shoulders and did an exercise designed to establish both relaxation and perfect posture. This was followed by the group shoulder massage and a series of vocal warm-ups. With Michelle Gordan accompanying them on piano, the choir sang together and then in parts — sopranos, tenors, altos and bass — before once again singing together as a whole.

Those interested in becoming a member of the Sippican Choral Society must pay spring session dues of \$35 — \$30 if paid by or before January 14 — with most of the money used for the purchase of sheet music to expand the group's choral library. High School Singers are espe-

**Mattapoisett Resident Receives NBSO Award**

The New Bedford Symphony Orchestra (NBSO) recently presented their first annual "NBSO Best Friend Award" to Mattapoisett's Merry Eustis for "Initiative and Dedication to the Cause of Great Music."

Merry grew up in Portland, ME, at a time when the city was almost culturally void. That is hard to believe now, but then growing up the slogan was "get out of town." Merry traveled west to the Connecticut River for the first time when she moved to Tokyo, Japan with her husband Ralph in 1959.

Tokyo was in the beginnings of a rebirth as the occupation forces had just left. Museums, symphony, ballet and many forms of oriental theater captured her as well as the contemporary architecture of the rebuilding, Frank Lloyd Wright's Imperial Hotel, oriental cuisine and the Japanese arts of flower arranging and brush painting. Merry immersed herself in these arts and when she left Japan four years later she held the highest degree of any westerner in Ikebana, Japanese flower arranging.

When she returned to the states and visited her parents in Maine she found Portland on the threshold of

its own exciting renaissance. It is this vision she hoped for in New Bedford and is pleased to contribute. She has been a supporter of the arts in New Bedford and a season ticket holder of the Symphony for many years. She is enthusiastic about its maturity, Music in the Morning for the school children, the Young People's Concerts and the cultural enrichment it brings to the community.

Last year she decided to interest some neighbors in joining Ralph and her at the Symphony. The neighborhood symphony group is now 14 strong, with more interested in joining. To make the evening even more special, two in the group are in charge of planning the pre-concert dinner. They decide which of the many great New Bedford restaurants to choose from or plan a pot luck dinner at a private home.

Merry, a retired commercial interior designer, has been honored in the past with numerous awards including the New Bedford Chamber of Commerce Small Business Person of the Year award and Who's Who in Interior Design. For 33 years she has lived in Mattapoisett with her husband, Ralph. Now, in addition to community work, she has pursued her love of design and flowers into the garden which she eagerly shares with anyone who comes by with a shovel or needs a summer venue for a cultural event or garden tour.

Merry has been involved with the New Bedford community for over 30 years and this is certainly the most fun volunteer project she has accomplished to date.

## ORR Students Return to Dance and Benefit

*By Olivia Mello*

With a new year suddenly beneath their feet, the students of Old Rochester Regional High School found themselves being thrown right back into the school routine.

Luckily, their fellow classmates have given them all a little something to look forward to within their first couple of weeks back. On Friday, January 11 the school will hold its annual Snow Ball. The ball is held every winter at the school to celebrate the holiday season with a night full of dancing. This year, however, is going to be a

bit different than what has been seen in the past.

The senior class had asked if they would be able to plan their own dance, possibly because of the discouragement they felt after the recent Homecoming, which had not lived up to their full expectations. After debating with the administrators, a conclusion was reached. Instead of having an additional dance, the senior class were given the privilege to incorporate their ideas into the anticipated Snow Ball.

Usually the Snow Ball is a semi-formal dance; however, the seniors were hoping to switch things up this year by promoting a casual dress code. They considered the fact that the dance's publicity would be a bit last moment and waged it with the amount of time students would have to get dresses and suits. They believed that a casual dance would be easiest and might even make more students willing to attend.

Another new aspect of the dance that the senior class is excited about is the DJ. Instead of paying for a hired DJ, music will be played for the students by the students. Volunteered seniors, including Corey Knudsen

and Tyler Bates, will be in control of the play lists, with help from Brian Berry's sound system. They hope to fill the entire cafeteria with strobe and black lights and even have a live performance planned out. Tickets have been sold for \$5 each during school hours. All proceeds will go directly to the senior class account.

The Old Rochester High School's American Field Service (AFS) foreign exchange group will be holding a phone-a-thon this weekend on January 12 and 13. Members of the club will be meeting together at the school, in the teacher's lounge, on this upcoming Saturday and Sunday. The phone-a-thon will be held from 10:00 am to 2:00 pm on both of these days. The students will be calling homes as a way of introducing themselves and raising money for the AFS parents group.

This group helps plan and make possible the trips that the AFS clubs take. The event will not only benefit their traveling opportunities, but also make themselves better-known throughout the community. Although, the kids will be paid individually for each hour that they work at the phone-a-thon, which will go directly into their savings account for their planned trip to California, they are still in great need of donations from residents of the area for their club as a whole.

At 7:05 pm a Council on Aging (COA) update was presented by COA Director Vanessa Williams. She outlined the many activities that are ongoing on a weekly basis, as well as special programs available to help seniors with questions about Medicare and Medicaid. In addition to activities which are free, there are activities offered at low cost and greater cost with an attempt to appeal to many varied interests. Fitness, the Arts, Sociability, Games, Intergenerational, and many others have been instituted. There has been a marked increase in participation in these activities as well as drop-in participation. The new SERVE Program for the purchase of food items at reduced prices for anyone who volunteers for at least two hours per month has been well received, and each month

Ms. Williams has many goals for the COA such as increased outreach to housebound seniors. She is looking for volunteers for this project who could participate in the Senior Work-Off Program. She hopes to have increased hours of activity including some more evening activities at the center, and increased computer capabilities beyond the two now available plus a third of dubious performance. The board was unanimous in praising Ms. Williams, her innovative programming, and the increase in participation of citizens in the COA's many varied offerings.

At 7:35 pm, the board met with Housing Authority Commission members who submitted the name of Deborah M. Bailey to fill the vacant position due to the recent death of member Eileen Sargent. The appointment was approved unanimously.

The last scheduled appointment at 7:40 pm was with members of the Women's Fund Road Race. They sought approval for the second annual Tiara Classic Mother's Day 5K Road Race to be held on Sunday, May 11, 2008 starting at 9:00 am in Mattapoisett. Similar to last year, the runners will register in support of the Women's Fund of the Community Foundation of Southeastern Massachusetts, which raises money on behalf of regional organizations that protect the mind, body, spirit and choices of women and girls. They presented a project proposal outlining the necessary aspects of the race management, course, insurance, facilities, clean-up, and all aspects necessary to a successful venture. The Selectmen enthusiastically approved the proposal.

Melody Pacheco announced that the drop-off box at the front of Town Hall has been shut off. The new drop-off box is now located in the back of the building at the second door down — not the entrance door. It can be accessed by drive-in. The old box was not as accessible and not as secure.

The board also discussed:

• A "thank you" to Barry Denham for the donation of the flag in memory of John Denham flying now at Shipyard Park. Mr. Denham then went on to explain how the four or five vehicles available to the Highway Department cover the town areas for snow removal during and after a snowstorm. There are 47 miles of town roads and 43 miles of private roads to be plowed. He also submitted a written policy proposal (the first of its kind) for the Highway Department in dealing with mailboxes. In essence, the Highway Department will replace any mailbox knocked over by the department during plowing, provided the mailbox has been installed by the standards outlined. The board accepted the proposed policy unanimously.

• Details of the Eel Pond Project with Selectman Andrews noting that a \$7,000 grant is available on the submission of engineering plans and application for the grant. They discussed with Mr. Denham the possibility that the Town Engineer might be able to work up a feasible plan for the project for bidding purposes. The last commercial cost for an engineering proposal was exorbitantly expensive.

Under Notes and Announcements for the week, the board cited:

• The next regular Selectmen's Meeting will be held on Tuesday, January 22 at 7:00 pm at Town Hall.

*My neighbor told me that grapes and raisins could be poisonous to my dog. I also read that xylitol, a low calorie sweetener, could also be poisonous. Is this true?*

Yes. Grapes and raisin can cause kidney failure in some dogs. The number of grapes or raisins necessary to cause this problem is unknown and seems to vary with the dog. The cause of this problem is unknown.

Xylitol is a low calorie sugar alcohol found in many diet products including sugarless gums (Orbit, Trident) and candies, breath mints, sugar free jello, children's vitamins and some toothpastes. Problems reported include low blood sugar and liver damage leading to death in dogs following ingestion of products contained xylitol.

on Tuesday, January 8 at 7:00 pm by Chairman Roger Blanchette. Also present were Selectman Jonathan Henry, Town Administrator Paul Dawson, and Secretary Helene Craver. Selectman Andrew Jeffrey was not present for the meeting.

The board first approved the minutes of the November 20, December 4 and December 18 meetings and then met with Mark Rasmussen, Executive Director of the Coalition for Buzzards Bay (CBB), at 7:05 pm for a "State of the Bay" update.

"We've been going to see all the towns around the bay to provide some updates," Mr. Rasmussen said. "Starting off with the State of the Bay ... in 1992 we started monitoring water quality in the area. We have more than a dozen stations right here in Marion. For the past 15 years we've been putting together a data set and we've seen increasing declines in water quality. In 2003 we looked at nine indicators of bay health — at the time the bay ranked a 48 out of 100. When we came back in 2007 ... we saw a three-point drop from 48 to 45 in just four years."

Mr. Rasmussen said nitrogen pollution is driving most of the decline in the bay's water quality. "It creates a trickle effect where we've seen a lot of dramatic eelgrass loss," he said. "In Marion, the areas of concern for us are inner Aucoot Cove, inner Sippican Harbor near Burr Brothers, and north of Route 6 inside the Weweantic River."

The main causes for nitrogen loading, he said, are

To that end, Mr. Rasmussen was hoping Marion would commit to the Massachusetts Estuaries Project study to provide crucial data as to how nitrogen is infiltrating the bay. The cost for this lengthy study — which is being spearheaded by UMass Dartmouth and would take three to four years to complete — is estimated at \$150,000 for the Town of Marion.

"We'd love to work with the town on a way that we could do this," Mr. Rasmussen said.

"I'm not sure we're prepared to spend \$150,000 right now," Chairman Blanchette said. "It's hard for us to make a commitment like that ... unless we can find the money from somewhere else."

"Other towns around the bay are finding this program extremely useful," Mr. Rasmussen said, adding that Marion and Mattapoisett are the only holdouts.

Corrine Petersen, Legal Advisor with the CBB, also wanted to applaud Marion for their recent support with the baywide oil spill legislation.

"I just wanted to give the Town of Marion a big thank you for helping with the oil spill legislation ... you've been with us every step of the way," Ms. Petersen said. "Currently, the First Circuit Court of Appeals sent back the lawsuit and are reviewing it again. We have another bill in the state legislature ... which would require the state to provide tugboat escorts (to oil tankers) as a

The board next approved a one-day wine/malt license for an event to be held in the Marion Music Hall on January 10, 2008.

Under the Town Administrator's report, Mr. Dawson first submitted a final round of water/sewer abatement requests to the board for their consideration.

Mr. Dawson next noted a new police station facility remains a top priority on the Police Department's capital expenditure list and he was looking for guidance and input from the board as to how to proceed.

"The fact of the matter remains the Police Department we have right now is in deplorable condition and the cost for replacement is not going to get less expen-

sive," Mr. Dawson said.

The board agreed to discuss this matter at a future meeting and also to schedule a meeting with the previous Police Station Building Committee to take a "fresh look" at their options.

Lastly, Mr. Dawson informed the board that they have received two task orders and a contract proposal from Camp, Dresser and McKee (CDM) for work being done at the town's sewer treatment plant. These include a \$17,720 Feasibility Study for Phosphorus Removal; a \$15,480 study to determine actual plant loading and remaining capacity; and an infiltration and inflow remediation project for Phase III of the Village Loop project, priced at \$88,900.

"All of these are quotes from CDM," Chairman Blanchette said. "Seems to me we don't have quotes from anybody else. Several years ago at Town Meeting ... someone got up and questioned why everything we do is with Camp, Dresser and McKee. My feeling is, although we have these three proposals before us, we should be looking to get proposals for the same work from other companies. We have no clue as to whether or not these are good prices. Granted, they have a good reputation ... but there must be other companies we can call on for a quote."

"I hear what you're saying, but I treat (CDM) as our engineer of record," Selectman Henry said. "I think an inexpensive way would be to subject (these quotes) to a value assessment process."

"When I came onboard, it was relayed to me that recent decisions had been made and Tata and Howard were the (town's) consulting water engineers and Camp, Dresser and McKee were the consulting sewer engineers," Mr. Dawson said.

"All I'm suggesting is it's time to do some checking," Chairman Blanchette said.

"Every three to five years, it makes sense to go out and check the prices," Mr. Dawson agreed. "There is no bigger advocate for competitive bidding than me. That being said, in the short term it probably makes sense to work with CDM on the sewer (proposals) because they know the project intimately."

In other matters, the board approved a request from the Music Hall Advisory Committee to expend \$3,000 from the Music Hall Endowment Fund to be used along with a \$3,000 donation from the Sippican Historical and Preservation Society to replace the front stage masking (drapes) in the Music Hall. The present drapes are disintegrating and are no longer fire retardant.

The board also approved the warrant for the State Presidential Primary Election to be held on Tuesday, February 5 at the Marion Music Hall, with polls open from 7:00 am to 8:00 pm on that day.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:22 pm.14

The board first approved the minutes of the December 10 and December 20 meetings (both Regular and Executive Sessions) and then signed and approved the Town of Rochester's agreement with the Town of Lakeville to use their animal shelter to house stray dogs picked up within the town by the Animal Control Officer. The board also signed and approved permission to allow the Multiple Sclerosis (MS) Society's Bike-a-Thon to travel through Rochester on June 28 and June 29.

Under the Town Administrator's report, Mr. LaCamera first noted that Verizon has begun marketing to customers in Rochester for both high-speed internet and

"We just wanted to make (residents) aware that Verizon has been saying (the delay in video service) is due to a contract delay ... but that's not the case," Mr. LaCamera said. "The contract was signed and approved some time ago."

Mr. LaCamera also presented the board with Capital Expenditure requests from various departments. Among the key items requested: \$80,000 for a new fuel system for the Fire Department; \$61,127 to purchase a pickup truck and dump body/sander for the Highway Department; \$30,000 for a new vehicle for the Police Chief; \$259,000 for portable classrooms for Memorial School; and \$35,000 to add a wing to the Plumb Memorial Library.

"As I expressed to the board before, things this fiscal year are going to be extremely tight," Mr. LaCamera said. "I can't recommend anything at this point until we look at the budget (numbers)."

With regard to the proposed portable classrooms for Memorial School, Mr. LaCamera said they need to confirm how many portable classrooms are needed and Selectman McGaffey wanted to know if these could be reused/recycled in some way once purchased.

Mr. LaCamera also suggested a possible alternative to the library expansion.

"As you know, we funded \$44,000 last year to do

some items in the basement (of the library) which would require an elevator to make it handicap-accessible," he said. "I think what we might want to do is a smaller addition instead of putting an elevator in ... (Facilities Manager) Mike Meunier has already talked to Old Colony about (doing the work)."

Other future considerations, according to Mr. LaCamera, were the eventual expansion of Town Hall and major road repairs and renovation work.

"We'll have to do something within a year's time (about Town Hall) because that's when the lease (at the Town Hall Annex) runs out," Mr. LaCamera said. "And I don't have to tell the board that the cost of asphalt has doubled over the past year. We have about \$500,000 in Chapter 90 money available for road repair (and) we average about \$189,000 a year."

Mr. LaCamera said he would review the figures for the proposed FY2009 budgets with the board at their next meeting and would provide them with a draft budget prior to that meeting.

"Once again, I'm very concerned about the revenues for FY09," he added. "We have certified Free Cash of \$619,694 ... (but) it's about \$250,000 less than the previous year. But the good news is, we were very conservative with the numbers we used from FY08."

The **Old Rochester Regional Boys Basketball Team** continued to roll over the competition the past two weeks as they have established themselves as one of the top teams in the **South Coast Conference**. The team extended their record this season to 7-1 overall and 5-1 in SCC play by winning four of five games during the holidays. The Bulldogs stretched their season opening win streak to six games as they went on the road to down Bishop Stang, 67-63, on Wednesday, December 26 and Greater New Bedford Regional Voke Tech, 72-59, on Friday, December 28.

In the first game Bishop Stang made a late rally to close to within one point in the game's closing moments. ORR answered with the steady foul shooting of guard **Tristan Miller** who drained five of six free throws in the last fifteen seconds of the contest to secure the Bulldog's

win. **Jeff Rezendes** led all scorers with 22 points while brother **Jordan Rezendes** and Miller each chipped in with 17. The Bulldogs continued the streak two nights later at Greater New Bedford Voke Tech as **Jordan Rezendes** once again proved to be a nightmare match-up for the opposing team scoring 26 points including four buckets from beyond the 3-point arc. **John Santos** and **Tristan Miller** added 14 points apiece while **Jeff Rezendes** scored 12 points in the 13 point win.

The Bulldogs made the short trip to Wareham on Wednesday, January 2 to face the Vikings. With their student cheering section fired up over the return of the Rezendes brothers, Wareham rode the surge of energy provided by their sixth man to a 69-37 win over the ORR. The win was the Bulldogs first of the season as the team couldn't find their range. Former Viking **Jeff Rezendes** led the Bulldogs with 20 points.

Old Rochester finally returned to their home gym on Friday, January 4 as they faced Bourne High School ending a three-week road swing with a 69-56 win. The brothers Rezendes combined for 39 points with Jeff scoring 25 to Jordan's 14 as they led ORR to their first home win since opening night.

The **Old Rochester Lady Bulldogs Basketball Team** traded wins and losses with their opponents over the holidays as they split their four games the past two weeks winning two and losing two. The Ladies downed Greater New Bedford Voke Tech, 66-22, on Friday, December 28 behind **Gretchen Bobola's** game-leading 17 points. ORR dropped their next game 52-32 at Bishop Stang on Saturday, December 29. The team rebounded nicely by dropping Wareham, 53-30, on the Bulldogs home floor on Wednesday, January 2. The Bulldogs lost at Bourne on Friday, January 4 with a final score of 56-42. The Bulldogs record is 3-4.

**ORR's Hockey Team** was a .500 team over the past several weeks as they went 2-2-1 over the holidays. The Bulldogs handed the New Bedford Whalers a 1-0 shutout on Wednesday, December 26. **Dalton Frye** stopped all 13 shots that he faced and **Gage Silva** netted the loan goal to give ORR is second win on the year. The Bulldogs downed Dartmouth, 2-1, the next evening behind goals by **Silva** and **Jon Hartley**. After a series of defensive struggles the Bulldogs played to a 9-9 — *yes, you read this correctly* — a 9-9 tie against Bishop Connolly on Saturday, December 29 at Tabor Academy. **Brennan Goguen** scored four goals and added an assist to help the Bulldogs come back for the tie. Bourne downed the Bulldogs for the second time this season as ORR fell, 6-2, to the Canalmen on Wednesday, January 2. Bishop Stang

defeated the Bulldogs 4-0 on Saturday, January 5 leaving Old Rochester with an even 3-3-1 record for the year.

**Travis Lowery** finished forth in the 300-meter dash and **Tommy Morss** took fifth in the 600 meters as **Old Rochester's** top **Track** finishers at the Greater New Bedford Voke Tech Invitational on Saturday, December 29. On the **Ladies** side of the meet, the 4x440 relay team finished with a time of 4:37.80 for a forth place finish and **Alexandria Rentumis** took sixth place in the 300-meter dash to pace the Bulldogs effort. The two squads dropped a pair of close decisions at Greater New Bedford Voke Tech on Thursday, January 3 with the Ladies getting nipped, 44-42, and the Boys getting inched out 45-1/2 to 40-1/2. **Kat Vicino, Nikita Borque, Becca Sylvia** and the 4x440 relay team of **Rebecca Geldmacher, Therese Morss, Destiny Kirker** and **Alexandra Rentumis** notched wins for the Lady Bulldogs. On the Boys' side, **Franck Tebou** had wins in the 50 and 300 meters, **Dana Dourdeville** won the mile and **Graham O'Dowd** won the shot put. Both squads are 2-2 on the season.

The **Old Colony Boys and Girls Basketball Teams** had a light schedule over the break. The **Boys Basketball Team** won their lone contest as they returned from the holidays to slip past Upper Cape Cod Regional Voke Tech, 58-56, on Friday, January 4. The Cougars' **Matt Pacheco** scored 20 to lead Old Colony. The Cougars are 3-2 overall this season and 3-0 in Mayflower League play.

The **Lady Cougars** continue to have trouble with taller teams as they dropped both of their games during the past two weeks. **Julie Aguiar** scored 10 points to lead Old Colony who battled back from an early deficit as they dropped a 45-26 contest to Bishop Connolly on Friday, December 28. The Cougars went into the half knotted at 18 apiece as they faced Upper Cape on Friday, January 4 ... but Tech pulled away in the second half to take a 36-27 win, their first in two years.

### **SRPEDD Task Force**

Nothing in life is certain except death and taxes ... and traffic.

The Southeastern Regional Planning and Economic Development District (SRPEDD), in cooperation with the Executive Office of Transportation and Public Works (EOTPW), is forming a task force to assist with efforts to examine existing and future traffic congestion along I-495. The road segment in question spans seven communities including Carver, Lakeville, Middleborough, Raynham, Rochester, Taunton and Wareham. Presently, between Route 24 in Raynham and Route 25 in Wareham, I-495

drops from three lanes to two lanes in each direction. This change in the number of travel lanes causes traffic congestion during peak travel times and in the summer months. The study will also look at the interchanges of I-495 with Route 44, Route 18, Route 105, Route 28 and Route 58.

This study will review present land use plans, examine ways to address future congestion, including construction improvements to I-495, as well as examine all other improvement alternatives to relieve this potential traffic dilemma.

Furthermore, a proposed casino in Middleboro has the potential to significantly impact I-495. As experienced in Connecticut, traffic on the surrounding roads of two casinos has doubled since their openings. Due to

the present uncertainty of the proposed Middleborough casino, the I-495 study will carefully examine scenarios with and without this particular development.

### DARE Returns to Rochester

On January 15, the Sixth Grade at Rochester Memorial School will begin the Drug Abuse Resistance Education (DARE) program. This program is a cooperative effort between the Rochester Police Department and Rochester Memorial School. After an absence of several years, DARE was brought back to RMS through the efforts of Police Chief Paul Magee, Principal Jay Ryan, and Vice Principal Sue Norton.

Under the direction of Patrolman Kevin Flynn, the students will learn the skills they need to avoid drugs, alcohol and violence. The classes include extensive role-playing with Patrolman Flynn on practical ways to resist pressure to experiment with drugs and alcohol. Because police have personal experience working with drug abusers on the street, young people consider them to be highly credible instructors.

The DARE lessons focus on four major areas: providing accurate information about alcohol and drugs, teaching students decision making skills, showing them how to resist peer pressure and giving them ideas for alternatives to drug use and violence.

DARE began in 1983. It is now taught in more than 300,000 classrooms in 50 states and 53 countries

around the world. It returned to Rochester in January of 2006 as a joint effort of RMS and the Rochester Police Department. The program has been extremely popular with the Grade 6 classes.

where he had spent 42 summers. He returned for one last stay with his wife and children. This poignant tribute to the eleven-bedroom jumble of gables, bays, and dormers that watched over weddings, divorces, deaths, anniversaries, birthdays, breakdowns, and love affairs for five generations interweaves Colt's final visit with memories of a lifetime of summers. Run-down yet romantic, the Big House stands not only as a cherished reminder of summer's ephemeral pleasures but also as a powerful symbol of a vanishing way of life.

Mr. Colt's experience will surely rekindle for many the summers spent by many families here on the Southcoast of Massachusetts, just off the Cape, and of the homes that are becoming, like Mr. Colt's home of his childhood, cherished memories as families move on in their lives. # MOVIE REVIEW

## Blood for Oil

By Rob Gonsalves  
www.robsmovievault.com

**There Will Be Blood.** Starring Daniel Day-Lewis and Paul Dano. Directed by Paul Thomas Anderson. Running time: 153 minutes. MPAA rating: R.

As someone who, in the past, has felt that the epic ambition of the writer-director Paul Thomas Anderson has gotten the better of him, I was prepared to cringe throughout his latest saga, the much-heralded *There Will Be Blood*. But this job is full of surprises, and so, it turns out, is Anderson. With any luck, this may be the movie that turns it around for the formerly irrepressible and derivative director, with his past slavish tips of the hat to Altman and Scorsese and every other major director of the '70s. Whatever else it is or isn't, *There Will Be Blood* is an original, and a major, confident step forward. Maybe Anderson needed to get movies like *Boogie Nights* and *Magnolia* (I'm aware those films have their passionate fans) out of his system before he could do pure work like this.

For a long stretch at the beginning, there's no dialogue at all as the tragic protagonist Daniel Plainview (Daniel Day-Lewis) digs for silver and then for oil. The sequences have the bold simplicity of silent filmmaking (although Jonny Greenwood's cacophonous score is a bit too jarring in spots). Plainview is a man of few words, except when he's trying to get California rubes to sell their land so he can drill on it. Day-Lewis has adopted the gruff, elongated vowels of John Huston, with maybe a hint of Nixon. He squints his eyes, and his mouth is hidden by a mustache, yet this could be his most expressive performance since *My Left Foot*. Plainview feels in every way like a turn-of-the-century man (the movie starts in 1898) driven to the far edges of callousness by the pursuit of the American dream.

For much of the film, Plainview's nemesis is Eli Sunday (Paul Dano), a baby-faced country preacher who claims to be able to drive demons (such as the demon of arthritis) out of his congregation. Plainview's expression when he drops in on Eli's sermon conveys a grudging regard for a fellow charlatan. Later on, when Plainview must kneel and denounce himself before God (and before Eli's church) in order to secure a crucial pipeline, Dano and Day-Lewis turn the scene into a classic duet of loathing. Forced to own up to abandoning his adopted young son after a drilling mishap that deafened the boy, Plainview burns through his shame into a bitter gaiety, parodying the spiritual revelation he's supposed to be having.

Capitalism versus faith, with flim-flammy on both sides, becomes the central conflict in *There Will Be Blood*.

There's no conflict in Plainview, though. Photographed in front of one gorgeous landscape after another, he can see them only as a help or a hindrance to his goal. This epic has been constructed around a hollow man, though Day-Lewis infuses him with enough flashes of self-awareness to fill in the blanks. Anderson has taken Upton Sinclair's energetic, wide-ranging novel *Oil!* and turned it into a meditation on a monster. Throughout the generous length of the film, Plainview falls away from redemption little by little, until finally, in his vast home containing its own bowling alley, he's twisted and hunched over like a drunken Richard III. The degenerative portrait is complete. "I am the third revelation!" bellows Plainview; he's either blaspheming or finally telling the truth.

Anderson has learned patience; he's also learned how to make a movie flow without depending too heavily on popular songs (and none of his usual stable of performers are in his corner here, either). He's a born-again poet, telling a story straight, with minimal ornamentation and occasional bursts of strangeness only when needed. In Anderson's debut *Hard Eight*, he focused on one man, Philip Baker Hall's Sydney, and his relationship with a younger gambler (John C. Reilly). *There Will Be Blood* continues Anderson's preoccupation with corrupt father figures while returning him to what, it turns out, he does best. He may have had fun making panoramic group portraits like *Magnolia*, but when he calms down and drills into one subject, rather than flitting from character to character like an overcaffeinated butler at a dinner party, he can dig deep and strike oil.

## What happened at Marion Family Chiropractic in 2007?

A 72-year-old avid golfer was unable to raise his left arm. He had seen several doctors who told him he would "just have to live with it" after there was no results with their treatments. One chiropractic adjustment completely restored his function.

An attorney with 10 years of pain near her shoulder blade had it resolve in a week.

A boy's allergies disappear after two adjustments, and he has not needed to be on medication since.

A local pediatrician notes that a child who used to have frequent visits to his office now hasn't had a sick visit for over a year. His mother explains that he has been going to the chiropractor.

A woman who had such neck pain she couldn't look upward for three years now moves comfortably.

A married couple of 40 years enjoys an invigorated life together, full of energy they thought they had lost.

A colicky baby now sleeps peacefully.

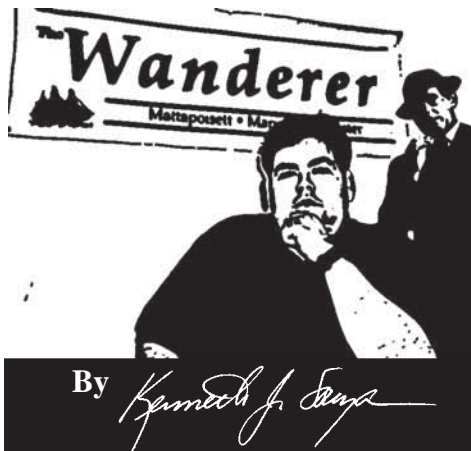

A paramedic who acutely injured his low back lifting a heavy patient couldn't believe how "amazing" he felt after one visit.

A chronically sick child's immune system is now working normally. For the first time, she can fly on an airplane, and her family takes their first trip to Disney World.

**Why did all of these different things happen to real people while under care at Marion Family Chiropractic?**

A specific chiropractic adjustment opens the path from your brain to your body, so you live the way you should.

## INNER VIEWS

# Marion Mourns the Loss of a Village Icon

People like Marion's **Elizabeth Jane Cheney** are one-of-a-kind and will always leave a lasting impression on everyone they meet.

Better known as "**Betty**" to those who knew and loved her, Ms. Cheney and her beloved husband, David "Jack" Cheney, have been fixtures in the quaint Marion village area as joint owners and operators of the Marion General Store since they first opened up shop in the early 1970s. And for pretty much the latter half of that period, Ms. Cheney proudly worked alongside Jack while battling various forms of cancer.

But that never seemed to discourage or dissuade her in her efforts. She would always have a friendly smile or a warm greeting to all who entered the town's central hub of activity. And she, herself, remained vibrantly active in a plethora of town activities like assisting with the Marion flu clinics, working at the polls on election days, or helping to raise money for the local Salvation Army and the 9/11 Fireman's Fund.

Betty was also an active member of the Marion Garden Club, the Sippican Tennis Club, the Piney Point Beach Club, and was proud co-founder of the town's Annual Christmas Stroll which had another great turnout just a few weeks ago.

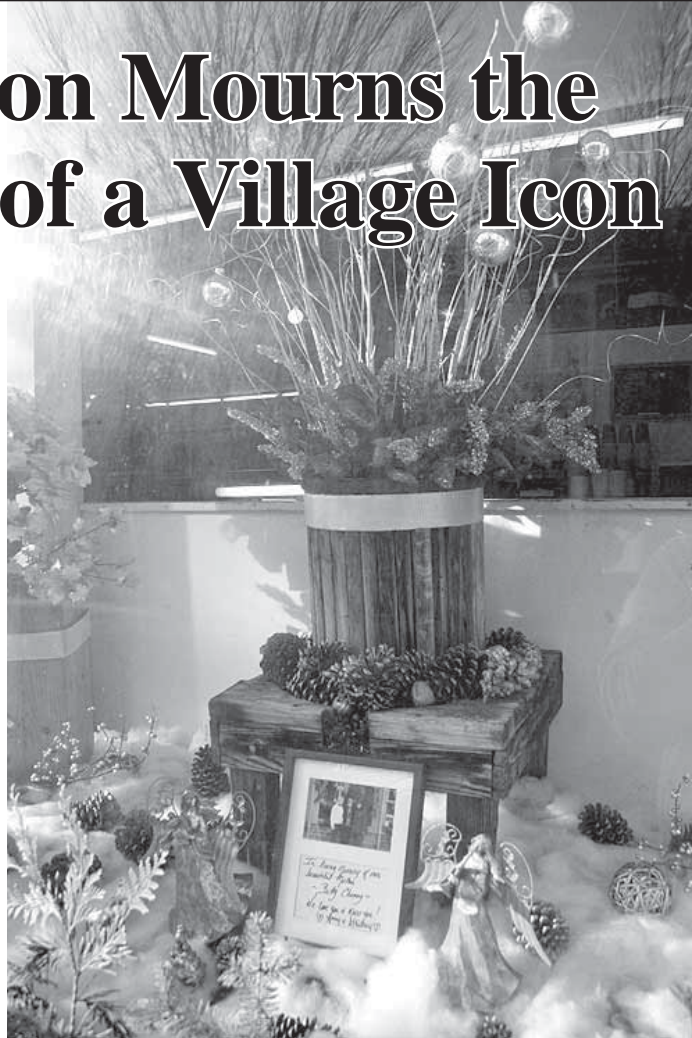

But after 17 years of struggling with everything from breast cancer, to bone cancer, to lung cancer and ultimately liver cancer, Ms. Cheney finally succumbed to the disease on December 30 at the age of 57. She managed to make it through one more Christmas with her family by her side, but the illness finally won out.

"She got through Christmas, that was really special for all of us," her daughter Whitney said. "She passed away on December 30. It was very peaceful, she was at home with all of us."

Noting that her mom was "a fighter" who always felt she'd overcome the disease even after being diagnosed with three different types of cancer, Whitney said her mother never complained about being sick and always looked forward to getting better.

"When she was first diagnosed she was only given six months to live ... that was 17 years ago," Whitney said.

Betty's lasting legacy lives on through a commemorative window display put up at the Marion General Store by Whitney and her sister Amy — much in the same way that their mom used the same space each year to celebrate the holidays.

"She passed away on December 30 and after New Year's she would always take down the windows," Whitney explained. "My sister and I thought we'd do something nice for my mom. (So we put up) a window display with pictures of her ... and my sister and me. It's nice because it's in the center of town and a lot of people have commented on it. And it was more about her relationship with the people she knew in town."

Indeed, the memorial window display (above) is very much in keeping with something Betty Cheney herself might have done for someone at one time or another ... and it's a fitting tribute to a woman whose spirit thrived, quite literally, in the heart of Marion.

*A memorial service celebrating Betty's life will be held on Sunday, January 13, 2008 at the Wickenden Chapel at Tabor Academy on Spring Street in Marion beginning at 2:00 pm with a reception to follow.*

*Donations in Betty's memory may be made to "Camp Angel Wings," c/o Southcoast Hospice and Palliative Care, 200 Mill Road, Fairhaven, MA 02719 or to the Dana Farber Cancer Institute, 10 Brookline Place West, Sixth Floor, Brookline, MA 02445-7226, ATTN: Contribution Services.*

**Dorothy "Dot" E. Cook**, of Mattapoisett, passed away on December 11, 2007 at the Bedford Village Nursing Home. Born on Long Island in Glendale, NY, the eldest daughter of the late Victor and Daisy (Lyon) Charman, she was raised in New York and summered at Crescent Beach in Mattapoisett, moving there permanently in 1949.

Ms. Cook was a graduate of Queens College in Flushing, NY, where she earned a Bachelor's Degree in Music Education. She later received credit toward her Master's Degree at the University of Wisconsin, Ithaca College, Brown University and the New England Conservatory. She taught choral and instrumental music in New York and Massachusetts for a total of 34 years, retiring in 1980. Her teaching career started near West Point, New York and continued in Duxbury and Kingston, MA where at the age of 22 she conducted the Kingston High School Chorus at the teacher's convention. She taught at the former Sacred Hearts Academy for four years in Fairhaven. Before her retirement from Roosevelt Junior High School she conducted the Junior High School Festival Chorus of 400 students in New Bedford.

Her great love and forte was in conducting. She assumed the role of accompanist for many groups, played for many weddings and memorial services. She spent numerous summers playing at Saint Philip's Chapel in Mattapoisett in addition to directing the senior choir and playing the organ at Saint Martin's Episcopal Church in New Bedford. She recently retired from organist and choir director at Saint Margaret's Church in Buzzards Bay.

The camaraderie of friends gave her enormous pleasure. Her career was both her vocation and avocation which brought her tremendous joy. She felt that when former students wrote and spoke to her was her greatest reward. Her home, where she entertained often at her beautiful piano or organ, was a haven of happiness for the many friends that visited.

She was also admired for her cooking, crafting and photography. She traveled extensively and would winter in Florida.

# SALOME'S STARS

**ARIES** (March 21 to April 19) Shutting people out to avoid distractions, even under a deadline, can cause hurt feelings. Instead, return calls and e-mails and explain why you need a zone of privacy for now.

**TAURUS** (April 20 to May 20) Although your keen Bull's eyes can usually discern what's fact from what's faux, that upcoming decision will need really solid data before you can risk a commitment.

**GEMINI** (May 21 to June 20) As your confidence grows, you should be able to work toward your goals with more enthusiasm. Open your mind to suggestions. Some of them might even work for you.

**CANCER** (June 21 to July 22) Reconnecting with someone from your past stirs up that old sense of adventure. But before you do anything else, be sure to get answers to those still-lingering questions.

**LEO** (July 23 to August 22) Some people might resent the way you plan to resolve a difficult situation. But your commitment to making tough but fair decisions soon wins you their respect and support.

**VIRGO** (August 23 to September 22) Mixed signals could be causing that vexing workplace problem. Before you choose to leave the project, ask for a meeting where you can get things out in the open.

**LIBRA** (September 23 to October 22) Your good intentions could backfire if you're not careful with other people's feelings. Try using persuasion, not pressure, to get others to see your side of the situation.

**SCORPIO** (October 23 to November 21) Your dedication to finishing the task at hand is laudable. But be careful not to overdo the midnight oil bit. Take time for relaxation with someone very special.

**SAGITTARIUS** (November 22 to December 21) Although your intuition will help you make some tough choices in the first half of the month, you'll need more facts to back up your actions later on.

**CAPRICORN** (December 22 to January 19) All that hard work and research in the workplace finally pays off as you hoped it would. Ignore comments from jealous types who are out to get the Goat riled up.

**AQUARIUS** (January 20 to February 18) An unfair decision creates unnecessary problems. But avoid anger and move carefully as you work this out. Expect to get support from an unlikely source.

**PISCES** (February 19 to March 20) A fuzzy financial vista persists until midmonth, when things begin to clear up. You'll also gain a better perspective on how to handle those pesky personal problems.

**BORN THIS WEEK:** You have a wonderful way of being there for those who need your help in difficult times.

The Legion will also address donations for the sponsorship of local students to the Boys' State program in June 2008. They will also, hopefully, have a report on the availability of the Holy Ghost Grounds for the Annual Clambake which will be scheduled for 1:30 pm on July 13, 2008 — the week before the Mattapoissett Lions Club's Harbor Days.

The first meeting of the new year will be a "Bingo Night." On Saturday, January 19 at 7:30 pm in Reynard Hall at the Mattapoissett Congregational Church, 27 Church Street in Mattapoissett, bingo will be offered for everyone's enjoyment. Just for fun, small prizes will be awarded to the winners. If each person coming will bring at least one small treasure — inexpensive and unwrapped — maybe a Christmas gift they could live without, everyone will win something.

After the games, refreshments will be served.

provides thousands of hours of much needed care to patients and their families. Last year, our agency provided over \$575,000 of free and subsidized care to patients in the 13 communities that we service in the greater New Bedford Area. The intensive care required during the final stages of terminal illness costs far more than what the Medicare reimbursement allows.

Therefore, Community Nurse and Hospice Care provides a critical niche for those patients wishing to spend their final days at home.

Please call Linda Quinn at 508-717-0758 for tickets. Tickets will also be available at the door.

## ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

### ORR Financial Aid Night

The ORR Guidance Department will sponsor the Annual Financial Aid Information Night for parents of college bound students, has been *rescheduled* to Thursday, January 10, 2008 from 7:00 to 9:00 pm in the ORR High School Auditorium. A representative from MEFA will discuss various aspects of financing a college education including the financial aid application process, searching for scholarships, understanding how aid is calculated and awarded, and other financing including payment plans and loan programs. *Parents of ORR seniors should make every effort to attend this most important and informative presentation. Parents of Juniors are also welcome to attend.*

Filling out the forms correctly can eliminate delays which might jeopardize aid packages. The financial aid forms will be available at this meeting and will then
